

AC ELECTRIC TWO-WHEEL

RAILCAR HOPPER GATE OPENER

(without optional side-shift, with hydraulic lift kit)

The AC Electric Two-Wheel Hopper Gate Opener is one of our most popular models. The powerful electric over hydraulic system provides enough continuous torque to open even the toughest railcar hopper gates.

The use of continuous torque not only offers great power, but it allows the unit to be very controllable with little strain on the operator, as well as safe decibel levels. With multiple motor options and unit configurations, the AC Electric Two-Wheel Hopper Gate Opener is the perfect combination of power and mobility built to order based on your specific needs.

BENEFITS:

- Prevents operator injury
- Increases unloading speed
- Single-person operation
- Smooth, continuous torque
- Low maintenance cost
- Low maximum noise: 85 dBA

FEATURES:

- Multiple electric power options
- TEFC Motor - T3 Temp Code
- Options include powered life and powered side-shifting wheels (as shown)
- 6" - 20" vertical height adjustment
- Stabilizer bar for torque suppression
