

DOOR BUSTER XL

COMBINATION BOXCAR OPENER

The Door Buster XL combines the best features of our boxcar plug door opener and sliding door opener to safely open all types of boxcar doors with one unit.

Boxcar doors are not only difficult to open, but they can be dangerous, especially if the door is damaged or the load has shifted.

Not only does the Door Buster XL make the job of opening difficult doors faster and efficient, but more importantly, the Door Buster XL allows the operator to safely position themselves out of harm's way during the process.

BENEFITS:

- Prevents operator injury
- Prevents boxcar damage
- Single-person operation
- Meets OSHA standards
- Reduces downtime and increases productivity

FEATURES:

- Forklift mounted 3"x7" Fork Pockets
- Custom Fork Pockets are available on request
- DC battery power with built-in charger
- Double winches allow safe anchoring while opening the boxcar
- Rotating plug door opener slides out of the way when not in use
- Remote control available
- XL comes with cord and remote
- Synthetic rope will not whip or backlash
